Preface

The Tanzania Commission for Universities (TCU) through its mandate as spelt out in the Universities Act, Cap. 346 of the Laws of Tanzania in collaboration with the National Council for Technical Education (NACTE), National Examinations Council of Tanzania (NECTA), the Higher Education Students Loans Board (HESLB) and higher education institutions have improved the Central Admissions System (CAS) which has been in operation since 2010/2011 academic year. Through the system, applicants to higher education institutions are able to lodge applications online and be selected to programmes of their choice centrally. The processing is based on the minimum programme entry and other requirements of each institution in the country including admission capacity and other parameters. The decision on the actual admission of applicants is then made by the individual institutions through their Governing Boards and Senates.

The Admission Guidebook (Guidebook) is meant to provide the applicants with basic information on matters related to the entire process of admissions through the Central Admission System. The Guidebook indicates the programmes offered in each higher education institution as approved by TCU or NACTE. In addition, it indicates the minimum entry requirements, institutional capacity, fee structure for each programme, maximum loanable amount for programmes of national priority and other relevant information (For more information on Loans the applicant is advised to refer to the Guidelines and Criteria for Issuance of Student Loans and Grants for 2013/2014 academic year issued by the Higher Education Students' Loans Board).

The Guidebook provides a step-by-step procedure on how to apply through CAS using the Internet or SMS. Applicants are therefore, strongly advised to read the Admissions Guidebook before they start lodging their applications. For further inquiries, prospective applicants and the general public are advised to contact TCU or NACTE through the addresses indicated below:

1. Introduction

The Tanzania Commission for Universities (TCU) in collaboration with the National Council for Technical Education (NACTE) has prepared this Admissions Guidebook as a tool to simplify the admission process in the country. Through the Central Admission System applications can be lodged either through the Internet or the mobile phone SMS application. The process is interactive in such a way that the applicant can easily and conveniently follow the instructions given by the system in the course of lodging an application. In addition, the Guidebook has the following information:

- Important dates to be adhered to during the application process;
- List of participating institutions in the CAS;
- Programme codes for each institution;
- Minimum entry requirements for each programme;
- Application fees and procedures for payment;
- Maximum loanable amount for priority programmes (For more information on Loans refer to Issuance of Loans Guidelines and Criteria for academic year 2013/2014 issued by HESLB);
- Categories of applicants eligible to use the Central Admission System;
- Procedure for application through Internet and SMS;
- Other services offered by the Central Admission System.
