RE: ADMISSIONS OF STUDENTS FROM 2017/2018 ACADEMIC YEAR

Reference is made to the above captioned subject matter.

Pursuant to Section 5(1) (f) of the National Council for Technical Education Act, Cap. 129, NACTE is responsible "to ensure that the quality of education required is met and maintained throughout the duration of the delivery of the course".

The Council wishes to inform all provider institutions that the Government has directed that from academic year 2017/18, admission and selection of students for various Certificate and Diploma programmes shall be conducted by the technical institutions and Universities themselves. The Government also directed that NACTE should ensure that all selected students meet the approved minimum entry requirements for all approved programmes of study.

Following from that directive, the Council (NACTE) has developed a system for verification whereby the technical institutions and Universities offering Certificate and Diploma programmes shall enroll all selected students for verification, through respective Institutional Panels. Publication of selected students shall be done by technical institutions and Universities after verification by NACTE through the said Verification System.

Kindly take note that, for public institutions offering health & allied sciences; and teacher education programmes, admissions of students shall be conducted by the Ministry of Health, Community Development, Gender, Elderly & Children and Ministry of Education, Science & Technology respectively.

Kindly be informed also that, each selected student shall be enrolled in the system by respective technical institution and University delivering approved Certificate and Diploma programmes by payment of verification fee of TShs. 20,000/-. The fees shall be paid as lump-sum to the bank or by M-Pesa with corresponding details shown below, and obtain the code to be used for enrolling the students.
