BRIEFING FOR THE EUROPEAN UNION

IHAM & Associates

November 15, 2020

TO

Ursula von der Leyen,
President of the European Commission

A compelling political narrative is imperative for the survival of the European Union. Populists chip away at the foundations of liberal democracy while foreign powers actively interfere in Europe's domestic affairs using "alternative facts" to breed fear and undermine social cohesion. In the words of Josep Borrell, the European Union's foreign policy chief, winning this "battle of narratives" will be decisive in determining the future world (dis)order.

The European Union has built a reputation of being an autonomous, neutral, and impenetrable organization. IHAM & Associates is a multinational law firm based in Stockholm, Sweden. We have sorely focused on political and economical International laws.

It has come to our attention that an international crime syndicate is waving across the European Union's partners in Asia and Africa targeting middle-income economies to destabilize the financial sectors by causing unrest in their democratic processes.

IHAM & Associates have been tracing Robert Amsterdam, an international lawyer of the law firm Amsterdam & Partners based in Washington DC for a couple of years since 2010 as his name appeared in the confidential information from the case we were working on in the Middle East.

This document serves as a summary brief to your office raising high-level concern on the welfare of the European Union with partner states that Amsterdam and Partners are undermining in the name of mysterious democracy that pioneers riots and armament.

Robert Amsterdam has built a global career working as a legal gun-for-hire and public relations svengali. He has worked on popularized cases in countries from Asia and Africa intending to destabilize their economies, triggering them to halt. We are certain that Mr. Amsterdam is only a face of the crime syndicate having roots from World Bank donor countries in and out of the European Union implicating Germany, Netherlands, Norway, Belgium, Switzerland Canada, Denmark, and Finland.

As the only law firm with outstanding evidence and facts against Robert Amsterdam and Partners LLP, we have been entrusted to represent and support governments such as Singapore, UAE, Uganda, and Zambia.

Over the past 5 years, we have established a strong rapport between Mr. Amsterdam and Tanzania's main opposition presidential candidate Mr. Tundu Lissu as part of East Africa's organized crime with ties from donor states. The two engineered plots to enframe the government of the United Republic of Tanzania on court disputes using donor-based apparatus.

The Amsterdam movement against middle economies is interfering with regional peace and unsettles governance and rule of law. IHAM & Associates calls upon the European Union to isolate its association by enlisting Amsterdam as one of the consolidated persons, groups, and entities subject to EU financial sanctions to avoid tarnishing its well-built values.
