

Digital Opportunity Trust Tanzania

Paid Internship Opportunity for Graduates!

Digital Opportunity Trust is an innovator in enabling people to access and apply information and communications technologies (ICT) to create education, economic and entrepreneurial opportunities. DOT's vision is to make these opportunities available to marginalized people, especially women and youth, as a strategy to ***eradicate poverty***, ***vulnerability*** and ***gender inequality***. **DOT** is headquartered in Ottawa, Canada with operations in 12 different countries including Tanzania.

DOT Tanzania is now recruiting university & college graduates who are enthusiastic about change, passionate about developing their communities and who love technology. This internship is a 9 months placement in your community where you will deliver **DOT's** foundation economic program called, ReachUp!. This deployment is a fulltime commitment over which you will receive a monthly **stipend**, **transportation** and **communication** allowances. Before the placement, there will be four weeks of intensive online and face to face training. At the end of every month, the interns benefit from additional training and a mentoring program where you will get to interact with and learn from successful personalities.

After completion of the internship you will have:

- Become more professionally responsible, accountable and productive;
- Acquired skills that employers are looking for in their prospective employees;
- Proficiency with ICT and experience using technology for educational, social and economic development.
- Discovered the many opportunities in entrepreneurship and/or the career path you want to pursue.

Requirements

- Be Tanzanian, a university or college graduate.
- Computer literacy
- Be aged between 18 and 29 years
- Passion for serving local communities
- Residing within Dar es Salaam neighbourhoods.
