PAID INTERN PLACEMENTS AVAILABLE AT DOT TANZANIA

Organization Description

DOT is a leading international social enterprise headquartered in Canada with local operations in 14 countries around the globe, including Tanzania.

Harnessing the power of youth, DOT transforms young people (DOT Interns) into leaders of change as they facilitate technology, business, and entrepreneurial learning experiences to people in their own communities.

DOT's unique youth-led programs empower people living in communities that are developing, in transition, or under stress with the confidence to use technology for entrepreneurial, community, educational, and personal development.

DOT Tanzania is seeking to recruit 25 university and college graduates who are enthusiastic about change, passionate about developing their communities, and who love technology.

This internship is a 12-month placement opportunity in your community where you will deliver DOT's economic empowerment program, ReachUp!. This deployment is a fulltime commitment from which successful Interns will receive a monthly stipend as well as transportation and communication allowances.

Opportunity Description

DOT Tanzania Interns will have the unique opportunity to work with a dynamic organization to sharpen their skills and prepare for future careers, whilst working within their communities facilitating DOT programs.
DOT Interns will undergo a six-week intensive online and face to face training to prepare them to deliver DOT's ReachUp! program. They will be placed in their home communities to facilitate DOT programs and coach DOT beneficiaries into employment, business and education opportunities. Throughout their placement DOT Interns continue to receive professional development opportunities and are equipped to enter the workforce as talented, experienced, and in-demand professionals.

After successful completion of this placement interns will:

- Become more professionally responsible, accountable and productive;
- Acquire skills that employers are looking for in their prospective employees;
- Be proficiency with ICT and experience using technology for educational, social and economic development and
- Discover many opportunities in entrepreneurship and/or the career path you wish to pursue.
