After creating your payza account now you can apply the following methods to start generating money online.

MAKING MONEY ONLINE BY SHARING LINKS

This is a simplest method to make money online that can be performed by anyone. You are going to use paid URL shortener to shorten your link and share it anywhere you want such as in Facebook, forums, WhatsApp etc. This is free method and you need to have a smartphone or PC. There are a lot of paid URL shortener online but the best one is linkbucks, because it pays your money instantly. It takes just few minutes to create an account, remember to put a payza as your payment method to get your money instantly. You can create an account via this link>>>

To start earning money you have to copy a link from forums, websites, blogs, youtube, etc and shorten it to linkbucks then share a new link to Facebook, forums, WhatsApp etc. When people click on your link they have to skip the ad so that they can reach to a site and you will get paid.

Before sharing your link to Facebook pack it on pack.li, this is because Facebook does not accept linkbucks links. Click on the following link for you as an example>>> <http://pack.li/N>

MAKING MONEY BY REFERRING PEOPLE TO PAYZA

This requires some investment. First you should be referred by another person. Here is my referral link you can use to simplify the work>>>

Secondly you have to connect your bank card.

Third thing is to make a transaction of at least \$250 but this is still your money, it does not taken by anyone. You can deposit it to payza with your card you have connected and then withdraw it to your bank account, no money is lost.

You can get a referral program on payza to share to your friends, tell them the importance of payza. If a friend will join you can get \$10 to your payza account, if ten friends will join via your link you will earn \$100 and more. If you think this is not safe you can wait until you make money online with free methods such as one shown above and another one is given below. You have to make at least \$250 and get paid via payza and then you can continue referring friends.
