Our ref: TMA/1622

10th April, 2014

Information to the Public: Periods of heavy rains at times, strong winds and large ocean waves are expected.

Information No.	201404-01
Time of issue(Hour) EAT	03:30pm
Category:	Warning
Valid from: Date	11 th April, 2014
Valid to: Date	14 th April, 2014
Phenomena/Hazard/Disaster	Periods of heavy rainfall exceeding 50mm in 24hours , strong winds exceeding 40 km/hr and large ocean waves reaching 2m .
Level of Confidence:	Medium: (70%)
Expected Area :	Unguja and Pemba isles, Dar es Salaam, Pwani and Tanga regions, with possibility of spreading towards Lindi, Mtwara and Morogoro regions.
Text:	This is due to the enhancement of the Inter-tropical convergence zone (ITCZ) associated with atmospheric easterly waves propagating from east towards and over the areas mentioned above.
Advisory:	Residents of high risk areas, Ocean users and Disaster Management Authorities are advised to take necessary precautions.
Remarks:	TMA will continue to monitor the situation and issue updates when necessary.

Issued by
Tanzania Meteorological Agency.
